

# The Truth about COVID-19 and Chlorine Dioxide.

**A Free Church under Common Law**

**FACT: Chlorine Dioxide kills COVID-19.**

While the 'Fake News' mainstream media continue claiming there is "no evidence" that Chlorine Dioxide kills COVID-19; and liars like Prof. Siouxsie Wiles warn "against the false claims that disinfectants like bleach (chlorine dioxide) could be used to cure Covid-19 in humans"; ...

<https://www.auckland.ac.nz/en/news/2020/05/04/toxic-lies-of-the-church-pushing-bleach.html>

... **REAL SCIENCE** consisting of scientific studies, clinical trials and patents; confirm that chlorine dioxide **DOES** combat COVID-19 and many other diseases in humans.

See the **32 points of evidence below:**

## **Chlorine Dioxide used against COVID-19 in humans:**

**1/ Determination of the Effectiveness of Oral Chlorine Dioxide in the Treatment of COVID-19;**

<https://www.clinicaltrials.gov/ct2/show/NCT04343742>

**2/ Ecuador study confirms Intravenous Chlorine Dioxide 100% effective against COVID-19;**

<https://www.naturalnews.com/2020-05-18-researchers-claim-100-percent-cure-rate-vs-covid-19-ecuador-intravenous-chlorine-dioxide.html>

**3/ How to cure COVID-19 with Chlorine Dioxide, a Scientific Approach;**

<https://www.bitchute.com/video/MWRn4BxKKcd1/>

**4/ Chlorine Dioxide has been proven safe for human consumption in clinical trials.**

**"Controlled clinical evaluations of Chlorine dioxide ... in man."**

"... the relative safety of oral ingestion of chlorine dioxide... was demonstrated."

<https://www.ncbi.nlm.nih.gov/pmc/articles/PMC1569027/>

## **More evidence that Chlorine Dioxide kills COVID-19:**

**5/ " ... to date, no organism tested against chlorine dioxide gas has proved resistant." Note on page 2, the table listing viruses that chlorine dioxide was effective against, includes "Human coronavirus.";**

<https://www.clordisys.com/pdfs/misc/BiologicalEfficacyList.pdf>

**6/ "The EPA has released a list of products that are effective against Coronavirus and in particular SARS-CoV-2, the novel coronavirus that causes the disease COVID-19 ... Hydroxyl and Chlorine Dioxide have been used successfully."**

<https://www.biodec.co.nz/covid.html>

**7/ Chlorine Dioxide for Coronavirus: a revolutionary, simple and effective approach.**  
"The recent Covid-19 coronavirus pandemic demands urgent solutions with new approaches. Therefore, chlorine dioxide (ClO<sub>2</sub>) in low-dose aqueous solution promises to be an ideal, rapid and effective solution."

<http://mkilani.com/files/chlorine-dioxide-for-coronavirus-1.pdf>

**8/ Chlorine Dioxide Effective Cab Disinfectant for COVID-19 Contamination.**

Chlorine Dioxide "... is now considered an effective disinfectant treatment for trucks whose drivers have been confirmed as COVID-19 carriers, according to the American Trucking Associations' Technology & Maintenance Council";

<https://www.truckinginfo.com/355222/tmc-chlorine-dioxide-effective-cab-disinfectant>

**9/ Durham Hazmat using new techniques to decontaminate gear.**

"Chlorine dioxide has been shown in multiple studies and by multiple federal agencies to kill the COVID-19 virus,"

<https://abc11.com/durham-fire-rescue-hazmat-chlorine-dioxide-fire/6125125/>

**10/ COVID-19 Disinfectant Fogging Service.**

"Chlorine Dioxide is used as disinfectant of choice due to broad biological efficacy including coronavirus' (i.e sars-cov-2). Chlorine dioxide is a sterilant and therefore is effective against virus, bacteria, mould, fungi, and spores (USEPA and TGA Approved)."

<http://www.biosafety.com.au/p-covid-19-disinfection-fogging-service-62.aspx>

**11/ Seeking Emergency Authorization for Easy Mask Disinfection Process.**

"... N95 masks are desperately needed by healthcare personnel due to the shortage of disposable masks during the COVID-19 pandemic. The strip releases a controlled amount of chlorine dioxide inside the sealed bag to decontaminate the N95 mask."

[https://www.mpo-mag.com/contents/view\\_breaking-news/2020-04-17/aptargroup-seeking-emergency-authorization-for-easy-mask-disinfection-process/](https://www.mpo-mag.com/contents/view_breaking-news/2020-04-17/aptargroup-seeking-emergency-authorization-for-easy-mask-disinfection-process/)

**12/ Chlorine Dioxide Efficacy against Viruses, including Coronaviruses;**

"The Coronavirus disease (COVID-19) was declared by the World Health Organization, ... chlorine dioxide products are high-level disinfectants and provide efficacy against enveloped viruses, vegetative bacteria, fungi, non-enveloped viruses, mycobacteria and bacterial spores. Testing has been performed in accordance with the latest European regulatory requirements and EN 14885:2018."

<https://www.tristel.com/file?ResourceDownload.File/4fb2e149-94cf-47da-9b44-9ceb8cfb59b1.pdf>

**13/ Necessity and feasibility of establishing an active disinfection and epidemic prevention system for schools and kindergartens based on chlorine dioxide disinfection.**

"The COVID-19 epidemic has made many people realize chlorine dioxide as a disinfectant ... According to the Toxicological Analysis Report of Chlorine Dioxide and Chlorate issued by the U.S. Department of Health and Human Services (US.HHS) in 2020, so far, no toxicological studies have shown that oral administration of chlorine dioxide can cause death or carcinogenesis in humans, and there have been no reports show that human skin exposure to chlorine dioxide can cause cancer and death, so it is currently considered a safer disinfection method than chlorine."

<https://worlddidac.org/news/necessity-and-feasibility-of-establishing-an-active-disinfection-and-epidemic-prevention-system-for-schools-and-kindergartens-based-on-chlorine-dioxide-disinfection/>

**14/ Preventing Spread of Coronavirus Disease 2019 (COVID-19) Guideline for Airports.**

"... chlorine dioxide can be adopted for air disinfection, by way of aerosol spray ..."

<https://www.iata.org/contentassets/7e8b4f8a2ff24bd5a6edcf380c641201/airport-preventing-spread-of-coronavirus-disease-2019.pdf>

<http://www.caac.gov.cn/en/XWZX/202003/P020200310486325823010.pdf>

**15/ Chlorine dioxide: effective active ingredient against the corona virus;**  
<https://www.terchemicals.com/en/news/detail/protection-against-corona-virus.html>

**16/ "Chlorine Dioxide ... can non-discriminatively and instantly kill germs and inactivate viruses including Coronavirus and Enterovirus causing SARS, MERS, COVID-19 and HFMD, etc."**  
<http://www.purisys.com.sg/combat-covid-19>

**17/ Supermarket equipment company takes to fighting COVID-19.**  
"... chlorine dioxide can be used against strains of pathogens and viruses including the Coronavirus."  
<https://www.freshplaza.com/article/9204104/supermarket-equipment-company-takes-to-fighting-covid-19/>

**18/ "California Soda Company is offering Selectocide (Chlorine Dioxide), an EPA approved product to kill human coronavirus on hard surfaces.**  
... (SMT) products have recently been added to EPA list N, which is list of products which are approved for use against SARS-CoV-2, better known at Covid-19. ... products have undergone efficacy testing for review by the EPA, including testing against human Coronavirus, as well as other, more disinfectant resistant, pathogens."  
[http://wineindustrynetwork.com/uploads/froala\\_files/d68bfa3d0c750e9788890a0215e0b1b935e2f316.pdf](http://wineindustrynetwork.com/uploads/froala_files/d68bfa3d0c750e9788890a0215e0b1b935e2f316.pdf)

**19/ Can chlorine dioxide prevent the spreading of coronavirus or other viral infections?**  
"... an aqueous solution of ClO<sub>2</sub> is able to inactivate all types of viruses."  
[https://www.researchgate.net/publication/340247214\\_Can\\_chlorine\\_dioxide\\_prevent\\_the\\_spreading\\_of\\_coronavirus\\_or\\_other\\_viral\\_infections\\_Medical\\_hypotheses](https://www.researchgate.net/publication/340247214_Can_chlorine_dioxide_prevent_the_spreading_of_coronavirus_or_other_viral_infections_Medical_hypotheses)

**20/ Preparing for and responding to Coronavirus in the Workplace.**  
"As well as killing Coronavirus, electrostatic fogging with chlorine dioxide as a liquid disinfectant can also kill many other yeasts, moulds and viruses."  
<https://jaymak.com/preparing-for-and-responding-to-coronavirus-in-the-workplace/>

#### **Some Chlorine Dioxide patents:**

**21/ Preparation method of pure chlorine dioxide solution and method for treating Ebola virus infection:**  
<https://patents.google.com/patent/CN104586880A/en>

**22/ Chlorine dioxide gas for use in treating respiratory virus infection:**  
<https://patents.google.com/patent/EP1955719B1/en>

**23/ Use of chemically-stabilized chlorite solution for inhibiting an antigen-specific immune response:**  
<https://patents.google.com/patent/WO1999017787A3>

#### **More germ killing properties of Chlorine Dioxide:**

**24/ Ten Reasons Why You Should Be Using Chlorine Dioxide.**  
"Chlorine dioxide is one powerhouse sanitizer that is getting more attention recently as food processors look for more efficacious products to help them win the sanitation battle. Approved by the U.S. Food and Drug Administration (FDA) and the U.S. Environmental Protection Agency (EPA), it is ... an excellent choice for food processing plants."  
<https://www.foodsafetymagazine.com/magazine-archive1/februarymarch-2005/food-safety-insider-sanitation-solutions/10-reasons-why-you-should-be-using-chlorine-dioxide/>

**25/ Chlorine dioxide: a better disinfection solution.**

*"ClO<sub>2</sub> outperforms alternative chemistries, providing superior disinfection that can be tailored for various applications. Effective in exceptionally short contact times at lower concentrations, chlorine dioxide demonstrates a good safety profile whilst maintaining efficacy."*

<https://www.hospitalhealth.com.au/content/clinical-services/sponsored/chlorine-dioxide-a-better-disinfection-solution-528519981#axzz6NFvLWhUR>

**26/ Protective effect of low-concentration chlorine dioxide gas against influenza A virus infection;**

<https://www.microbiologyresearch.org/content/journal/jgv/10.1099/vir.0.83393-0>

<https://pubmed.ncbi.nlm.nih.gov/18089729/>

**27/ Antiviral Effect of Chlorine Dioxide against Influenza Virus;**

<https://benthamopen.com/contents/pdf/TOANTIMJ/TOANTIMJ-2-71.pdf>

**28/ Disinfection effect of chlorine dioxide on viruses, algae and animal planktons in water.**

<https://www.sciencedirect.com/science/article/abs/pii/S004313549600276X>

**29/ Chlorine dioxide sterilization of red blood cells for transfusion (abstract no. PB0953):**

<https://gateway.nlm.nih.gov>

**30/ On the Mechanisms of Toxicity of Chlorine Oxides Against Malarial Parasites:**

<http://bioredox.mysite.com/CLOXhtml/CLOXprnt+refs.htm>

**31/ Here are some quotes by the US Gov CDC:**

- Disinfection with chlorine dioxide has a high effectiveness in killing Giardia;**
- Disinfection with chlorine dioxide has a high effectiveness in killing bacteria;**
- Disinfection with chlorine dioxide has a high effectiveness in killing viruses;**

<https://www.cdc.gov/>

**32/ Chlorine Dioxide is FDA approved for food contact use:**

*(Food Contact Substance CAS Reg. No. 10049-04-4).*

**The FDA admit that their claims about chlorine dioxide being dangerous are not supported by any scientific evidence. When asked for their evidence, all they could supply as evidence were the same unsupported statements on their website stating that it is dangerous: see FDA Letter here: <https://miraclemineral.co.nz/#letter4>**

**All other health agencies (eg, NZ, Australia, Canada, UK, etc), claiming that chlorine dioxide is dangerous, reference that same FDA statement; which by the FDA's own admission is a claim not supported by any evidence. Many news outlets also repeat the FDA's unsupported claims.**
